NEVER FAILING REMEDY!

Holloway's Ointment.

[illegible] ASIDE HIS CRUTCHES AFTER [illegible] YEARS SUFFERING.

[illegible] from Mr. [illegible] Thompson, [illegible] dated Aug [illegible] 185[illegible]

[illegible] Holloway,

Sir,—I am enabled to furnish you with an extraordinary cure effected by your invaluable Ointment and Pills which has astonished every one acquainted with the sufferer. About ten years ago Mr. W. Cummins of Saltney Street in [illegible] was thrown from his horse whereby he received very serious injuries; he had the best medical advice at the time and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in [illegible] which so completely crippled him that he could not move without crutches for nearly 10 years. Recently he began to use your Ointment and Pills which have now healed the wound [illegible] and enabled him to [illegible] his crutch so that he can walk with the greatest ease and with renewed health and [illegible].

(Signed) [illegible] THOMPSON.

EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

[illegible] from Mr. [illegible] Draper, of Keaus [illegible] dated March 1st 1852.

[illegible] Holloway,

[illegible] one of my children was [illegible] dreadful eruptions over the body and [illegible]. I obtained the advice of several eminent [illegible] by all of whom the case [illegible] hopeless. At length I tried your Ointment and Pills and without exaggeration the [illegible] was miraculous, for by persevering in their use all the eruptions quickly disappeared and the child was restored to perfect health. [illegible]

[illegible] REMEDY FOR SCORBUTIC HUMORS—AN ASTONISHING CURE OF AN OLD [illegible] SEVENTY YEARS OF AGE, OF A BAD LEG.

[illegible] from Messrs Walker and Co [illegible] Bath

[illegible] Holloway,

Sir,—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood we may mention that of an old lady [illegible] village near Bath about five miles from this city. She had ulcerated wounds in her legs for many years and lately these increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills and by the assistance of her friends was enabled to persevere in their use until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above 70 years of age. We shall be happy to satisfy any enquiries as to the authenticity of this wonderful case either personally or by letter.

[illegible] in the Bath [illegible] Force also has [illegible] cured [illegible] an old scorbutic affection [illegible] after all other means had failed. He [illegible] entirely by the use of your Ointment and [illegible] its praise.

[illegible] yours faithfully
(Signed) WALKER & CO.

WILBOR'S COMPOUND OF
PURE COD LIVER OIL AND LIME.

A CURE FOR CONSUMPTION, COUGHS, COLDS, ASTHMA, BRONCHITIS, GENERAL DEBILITY, AND ALL SCROFULOUS HUMORS.

THE Proprietor has succeeded (from directions of [illegible]) in combining the Oil and Lime so perfectly that the taste of the Oil, which is so nauseous, is entirely overcome, and it can be taken by the most delicate females with pleasure. And as regards the benefit of this article over the clear Oil, the following case by Prof. Stone is sufficient to convince the most skeptical. The young lady was twenty four years of age.

Her disease was one of confirmed phthisis which had been expected to terminate in the course of a few months fatally. The upper part of both her lungs were filled with tubercles, and in some places were beginning to soften. The case was evidently a bad one. The treatment of Cod Liver Oil was at first used, but without marked improvement. The Phosphate of Lime was then administered with the oil and the result, as in the case of many others, was soon apparent. The patient was rapidly getting well.

CAUTION.—On account of the great reputation of this Compound for all lung complaints, the subscriber would caution the afflicted against using any except that manufactured by him, as he has the only recipe in the United States for combining the pure Oil with lime in a proper manner. Therefore as you value your health, purchase none except that manufactured by

Great Spring & Summer Medicine

Only 25 cts for a Pint Bottle, and 37 1-2 cts for a Quart Bottle of
The People's Medicine!

DR. LANGLEY'S
Sarsaparilla, Yellow Dock, Wild Cherry, Prickly Ash, Dandelion, Thoroughwort and Rhubarb
ROOT and HERB BITTERS!
Decidedly the greatest Medicine in the world for the least money.

"Buy me and I'll do you good."

THIS invaluable compound has now been before the public three years, during which time nearly Three Hundred Thousand Bottles have been used in this [illegible] at the most popular Medicine of the age. No poisonous drugs or minerals such as Opium, Antimony, or Mercury, under any of their hydra headed [illegible] compose any part of these Bitters. The medicinal virtues of the best Roots, Herbs and Barks [illegible] so compounded as to act in concert with nature. They cure and eradicate from the system Liver Complaint—that main wheel of so many diseases—Jaundice, Bile, Dyspepsia, Costiveness, Humors of the Blood and Skin, Indigestion, Nervous Headache, Fevers, General Debility, and the host of kindred diseases arising from a disordered stomach or bad [illegible] blood. On the approach of warm weather most persons are troubled with Languor, Drowsiness and general lassitude of the system. This if neglected leads to Jaundice, loss of Appetite, Indigestion, Debility and decline. Langley's Bitters are just the thing to obviate all difficulties of the kind. They regulate the bowels, stimulate the circulation, purify the blood, and by a constant use keep off diseases so common in Spring and summer. Coughs and Colds are by its use broken up and cured at once. In short this medicine is safe for all ages and conditions and in all climates. It always does good and never does hurt. No lying certificates, no flaming handbills or costly wrappers are used to puff it into notice. All who try them will say, as more than 200,000 persons can testify, that one Bottle will do them more good than forty Latin prescriptions of poisonous drugs, by which so many persons are annually killed.

The effect of this medicine upon the system is most wonderful—Its healing, cleansing and purifying qualities operate with magic like power upon all classes of diseases for which they are recommended. All who use them like them because they ARE what they PROFESS to be.

Sold in Bangor, Oldtown, Orono, Brewer, Hampden and Frankfort, and by all dealers in Medicines in Bangor. Ingraham & Fuller, and Guild & Harlow, Wholesale Agents to the trade, to sell again. 97 Union street Boston is the Wholesale Depot.

and Trunk Railway of Canada with Atlantic and St Lawrence Railway 1112 miles in length with an uniform gauge of 5 feet 6 inches, as now brought under the notice of the British public, offers the most comprehensive system of Railway of the world protected from the impossibility of injurious competition, for nearly its entire length, by natural causes as well as by legislative enactment engrosses the traffic of a region extending 800 miles in one direct line from Portland to Lake Huron, containing a population of nearly three millions in Canada Vermont, New Hampshire and Maine. At Portland it connects with the system of Railways reaching eastward towards the province of New Brunswick, and hereafter Halifax in Nova Scotia as well as southward already existing to Boston and New York. At the frontier of Canada it again with other lines to Boston and the great manufacturing districts of New England. From it runs eastward to Quebec and Trois Pistoles 253 miles giving direct access the great shipping port of Canada in summer later by rail to the Atlantic at Halifax Pistoles forming the only great fisheries of the Gulf of St Lawrence and the eastern timber coal and mineral of New Brunswick. At Montreal meets three railways now in operation and New York. The entire section Portland to Montreal of 290 miles, is now in operation for 250 miles and will in July be fully connected making the shortest communication between the river St Lawrence and the Atlantic ocean. This of the line forms in itself a complete Railway opening up an entirely new channel for western trade and giving an outlet in winter the produce of Eastern Canada, as well Western Canada east of Kingston.

In connection with this subject we would attention to the advertisement in our col of the opening of the books of the European and North American Railway. The Port Advertiser says in reference to this move that the committee of the corporators, in opening of the books intend to comply the law and nothing more which requires books to be opened in Calais, Bangor, Au d Portland. Every person who de can have an opportunity to subscribe for at no one is urged to do so against their convictions of interest in the matter. The arging and drumming up for subscrip will not be resorted to. The scheme has had such progress that its success is regarded as secured.

Halifax Chronicle says

RAILWAY INTELLIGENCE.—Mr Beatty at the of a large staff of civil engineers charged the construction of the New Brunswick ways came passenger in the *Canada*. It was we understand, the original intention of Mr Beatty to have proceeded to St. John, but telegraph message from London previous to the departure of the steamer advised that gentleman to make Halifax his head quarters—We learn further that it is the intention of Mr. Beatty to make a thorough survey of the Trunk line of Railway from hence to the New Brunswick frontier, and that all the working plans surveys and reports of Major Robinson, Messrs Falkner, Sykes, and others, were promptly placed at his disposal by the executive.

The St. John Courier contains the following:

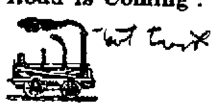
CHEERING INTELLIGENCE.—We understand that two days before the last mail left, the Grand Trunk Canadian Railway scheme was presented to the capitalists of London. The stock amounting to 9½ millions sterling, was at once taken up. Mr. Ross Solicitor General of Canada, was entertained at a splendid banquet London and was to leave in company with celebrated Engineer Robert Stephenson by steamer.—Mr. Stephenson will return to England by way of St. John and may be expected there by the end of May.

We understand that Mr. Beatty who has been appointed Chief Engineer for New Brunswick by the contractors, arrived at Halifax, with his family by last steamer. It is said that Messrs. Jackson, Brassey & Peto have accepted the terms offered under the bill lately passed in Nova Scotia, and that Mr Beatty has already commenced the survey of the trunk line and branches.

A C Morton, Esq, of Portland, engineer in chief of the European & North American Railway returned from London in the Baltic, last week, and has now gone east, with a view to arrange parties for the survey of that portion of the line in Maine, between Bangor and St John, so that the entire route may be located at an early day the present year.

The European & North American Railway, as we are assured, is regarded in London, as by far the most promising scheme for English capitalists of any American enterprise brought to their attention.

The Rail Road is Coming!



We learn that the contractors to build the Penobscot and Kennebec Railroad are to commence the work to day, in this city, of grading the road. Their first operations will be at a little below Crosby's ship yard. May the work speedily and safely go on to its final completion.

SONGS OF ZION, FOR SOCIAL AND PUBLIC WORSHIP. Suitable for all denominations. By M Springer. Hallowell, Masters, Smith & Co. 1853.

This is a neat volume of compiled and original, devotional poetry, which will be acceptable to the christian community and in which they will find expression given to their devotional feelings in the various states of their religious experience trials and triumphs.

The book may be obtained at the bookstore of George R Smith.

☞ The Ellsworth Freeman states that a valuable vein of Iron and Silver ores combined has recently been discovered on the farm of Capt Samuel Uran, in Sullivan, in which has been so far examined as to excite high expectations. Further investigation is in progress, and should it confirm present views a Company will be organized to work the mine.

☞ Doct Enoch Osgood of this City has obtained Letters Patent of the United States for improvement in fastening leather beltings. The invention is a very mechanical contrivance for securing the connection in leather belting by the insertion of tapering screws into the butts of the belting the heads of the screws form ingenious hooks and eyes. This is the second Patent the Dr has secured. He is one of the folks.

☞ Forrester's Boys and Girls' Magazine for May has been received at E F Duren's.—It is a good number and evinces the determination of the enterprising publishers, Messrs. F & G C Rand of Boston, to make it instructive and interesting to the youth of the country.

NEW ORLEANS May 11

The steamship Philadelphia, from Aspinwall has arrived here with the California mails and 150 passengers. She reports the Illinois to sail for New York about the 6th inst with 500 passengers and nearly three million dollars in gold dust. Among the passengers by the P is Gen Villamel, the first Charge d'Affairs from the Republic of Equador to the United States. He is visiting his native city New Orleans, after an absence of 45 years.

The Foreign Appointments.

WASHINGTON, May 12

The Cabinet held a protracted session to-day upon the diplomatic appointments.

Henry A. Wise will probably be Minister to Chili.

The statement that B F Angell was appointed Consul at Lahaina, some weeks since, was premature, he has not been appointed yet, nor is he likely to be.

Mr Carr is up for Consul, not Minister, to Constantinople.

In a breach of promise case the following evidence was put in by the plaintiff, against the defendant:—

"Elizabeth Crocker, my dear,
I love you, dear, true and sincere,
I cannot address my mind,
But my heart is truly thine.

I tell you as plainly as a man can speak,
I love you as true as my life;
And I shall never be easy, my dear,
Until you become my wife.
If you object to me, I never will ask woman again,
For one year, nine, or ten."

The writer of such poetry as this had to pay $1500 damages. Served him right.

CALIFORNIA ITEMS.

The following are the names of the killed and wounded by the explosion of the steamer Jenny Lind.

William Hancock, aged 25 formerly of Boston was killed by the caving in of a well in which he was at work, near San Francisco, on the 16th of April.

Intelligence from the mining districts continues favorable.

SIGNALS FOR DRAW BRIDGES. An able civil engineer recommends the adoption at railroad drawbridges, in addition to the signals for vision, of a compressed air alarm whistle, so arranged as to be opened by the draw, and kept blowing all the time the draw is open. This whistle is simple in its mechanical arrangements, and can be heard a long distance above any noise made by the train or a storm. They can be made in any good railroad machine shop at a small cost and should have two cylinders and condensers connecting with each other, so as to provide against accident.

LABOR IN THE PROVINCES. Never before, we believe in the history of the Province has such a scarcity of labor been felt as now prevails. In every department of business and trade wages have been advanced, much greater we fear, than ordinary profits will afford, and ship yards mills and lumbering establishments have absorbed so much of the ordinary labor of the country that scarcely a man can be got to assist in putting in the crops.—St John Courier.

Time vs Money

To the Editor of the Whig & Courier

Some few weeks since, there appeared in your columns a series of resolutions, adopted by the Mechanics of this city with reference to their daily term of labor. These resolutions were drawn up with ability, and characterized by good sense, and sound practical wisdom, eliciting a response doubtless, from very many *employers* in our midst. Our friends the Mechanics, have done a good thing in thus redeeming a portion of time from manual labor, not for purposes of idleness, but of personal and social improvement.

They have struck a *right principle* and are worthy of commendation. We are accustomed to consider our own good city a model, in its Enterprise, Industry, and Morality, and so it is—comparing favorably in former points, with older and richer places, and in the latter, rebuking the revolting profligacy of many New England cities even, but are we not in danger of pushing our very virtues to hurtful extremes. Diligent application to business is most unquestionably a virtue, but when made to engross the *whole* time and attention, from early dawn, to midnight hour, does its character undergo no change? We cannot believe that God created man, with noble faculties and lofty powers, all limitless in expansive energies, *solely*—that he might *make money*, not that he should bury himself in desperate, incessant endeavors, to supply wants, which *ought* never to exist. Every individual is bound to cultivate the social, intellectual, and moral nature with which he is endowed, and for this work he *must have time*. Time wrested from the entanglements of business, the pursuit of wealth, and resolutely laid a sacrifice, upon the altar of nobler and higher duties. Say you, the Sabbath is sufficient for all this? Alas, the overtasked frame is capable then, of little *rest*, scarcely on *that* condition, "repairing the worn machinery, for the morrow's service." No a *daily* portion of time secured from labor, should be the privilege of all, when the *family* may be cared for, and interests more enduring than gold receive attention.

This worthy end is aimed at in the movement before alluded to, which will be imitated, we trust in various directions. Might not the large Mercantile class in our community consider this matter with profit, devising some method by which the labors of the day shall close at an earlier hour, or reach less wofully into the region of night.

A reform in this respect would carry gladness to many hearts, and be promotive of the general intelligence, health and peace of our population.

Who will lead the way?

A Mr Knight, driver on Berry & Co's stage line, between Newcastle and this place, had his leg broken by a fall from a wagon one day last week. He was after passengers and on being put into his wagon again, drove three miles and got his passengers, carried them to their destination, and then drove to a physician's to have damages repaired.—Rockland Gaz.

Algenon S Clark, of Tewksbury, a young man about twenty one years of age engaged in a machine shop at Andover, was caught by a belt and carried over a drum and instantly killed, on Thursday last.

Rockland Lime market May 13. Sales during the week will amount 17,000 cask at 78a 80 cts, Wood at $3,000 a $362 per cord; Casks at 20 a 21 cts.

Within about a year, eight steamers valued at near a million and a quarter of dollars, have been lost on the Pacific Coast.

Holloway's Ointment and Pills an excellent remedy for Old Wounds Sore Legs, and Scrofula.—Mr Fulner, of Penshurst, suffered for more than two years from a dreadful sore leg, the diseased part extending from the foot to the knee, and causing a severe scorbutic affection which spread over the whole surface of the leg. He tried every available remedy without being able to heal or even to do the least good whatever to it. At length he commenced using Holloway's Ointment and Pills and to the astonishment of himself and others who had seen the dreadful state of his leg those fine medicines effected a sound cure in about five weeks.

H. G Farrell's Genuine Arabian Liniment

is a most extraordinary medicine the truth of which is placed beyond doubt by the vast sales of the article and the many cures being daily performed by it which previously had resisted all other medicines and the skill of the best physicians in the world. It is composed of balsams, extracts and gums peculiar to Arabia—possessing, in a concentrated form, all their stimulating and penetrating unctuous and revulsive properties, and it is the same which ages ago, were used by the Sons of the Desert with such miraculous success, in curing the diseases of both man and beast.

Read the following remarkable cure which should of itself place H. G. FARRELL'S ARABIAN LINIMENT far beyond any similar remedy.

Mr H. G. Farrell—Dear Sir. Actuated by a sense of gratefulness I submit the following as an instance of the utility of your great medicine. My child three years old, was suddenly attacked with a terrible disease which in less than six hours prostrated it to total helplessness. The limbs became so rigid that not a joint could be bent, the flesh turned blue and cold and entirely deprived of feeling, the eyes fixed, partially closed and altogether blind; following this was deafness to all sounds. The spine became contracted and so curved that when lying on its back the head and heels only touched. Indeed the child presented every appearance of being dead. Immediately on the attack the family physician was called in and for three weeks he labored to restore it to feeling, but all in vain; all though it was blistered a dozen times and various rubefacient Liniments applied. A consultation of physicians was then held, but to no purpose; the case was then brought before the Medical Society, but nothing could be suggested which had not already been done and the doctor then told me he could do nothing more. We then commenced applying your Liniment freely over the entire length of the spine, and you may imagine a parent's joy when after a few applications returning animation was apparent, and it rapidly recovered with the exception of sight which did not become perfect for near a month. The child is now well healthy and robust, as can be. Five other cases of the same kind occurred previously in my neighborhood all of which died when there is no doubt if your Liniment had been used they would have recovered.

LOOK OUT FOR COUNTERFEITS.

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits because his having the name of Farrell many will buy it in good faith, without the knowledge that a counterfeit exists and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H G Farrell, sole inventor and proprietor and wholesale druggist No. 17 Main Street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H G before Farrell's thus—H G FARRELL'S—and his signature on the wrappers, all others are counterfeits.

Widows and minor children of deceased Aroostook officers or soldiers are all entitled to Bounty Lands.

Pensions for all widows of Revolutionary officers or soldiers obtained by virtue of an act of Congress passed Feb 3d, 1853. This act includes all, whether married since or before the year 1800.

Pensions for all officers or soldiers who have been (at any time) wounded or disabled or contracted disease, while in the line of their duty, can be obtained for life for such officer or soldier, and in case of death, five years pension for their widow or minor children.

☞ Five years additional pension can be obtained for widows and orphans who have been pensioned under the acts of July 21st, 1848, and Feb 22d, 1849.

☞ Parties in every part of the State (or elsewhere) having claims for land, or pensions (or claims of any kind) for their own service or the service of a relative, will have them promptly and properly attended to by addressing the subscriber, post paid. Write full particulars.

I have full copies of the muster rolls and records taken by myself, from the originals in the War Department, in Washington, of nearly all who have done military service in this State, which enables me to decide, at once, whether a claim is valid.

Cash, and the actual value, paid for Bounty Land Warrants.

Superior Shoulder Braces.

MANUFACTURED by Marsh & Co., 2 1-2 Maiden Lane, New York. The object of this Brace is to correct habitual stooping, round and crooked shoulders, weak back and chest, and preserve that erect and graceful position indispensable to health and beauty; expanding the chest, giving the lungs a free and healthy action. It is adapted to men, women and children, of all ages, occupations and conditions; it is light, yet perfectly elastic and warranted to retain its elasticity, and is beautifully adapted to the object designed. The shoulder straps are so constructed as to give the main bearing on the point of the shoulder, are stayed so as not to wrinkle up and form a string—are padded where they come under the arm thereby preventing that cutting under the arm so much complained of in other Shoulder Braces. These Braces are not put together by machinery, which are sure to rip, but are stitched together in the most substantial manner by hand.

Also, Marsh's Self Adjusting Trusses, which have effected more radical cures than all others combined.

DR. MORSE'S INVIGORATING CORDIAL!

FOR GENITAL DEBILITY, IMPOTENCY, INCONTINANCE OR NOCTURNAL EMISSIONS, &c. The astonishing success which has attended this invaluable medicine, for *Loss of Muscular Energy, Physical Lassitude, and General Prostration*, or any of the consequences of youthful indiscretion, or indulgence of the passion in riper years, renders it the most valuable preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy, or any that has authentically received the sanction of the Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is compounded has been tested and its virtues proclaimed by the highest names of the faculty of London, Paris, and the chief cities of Europe, as well as by eminent Physicians in this country. It is the only infallible remedy for NERVOUS, HEAD and MIND COMPLAINTS—the mental physic so long sought for and never before found, the only agent that can administer to MIND DISEASES. It will remove all nervous affections, DEPRESSION, EXCITEMENT, incapacity to study or business, loss of MEMORY, CONFUSION, thoughts of Self Destruction, fear of Insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excess, or evil practices. It has been said by some that these disorders, emissions, &c., were incurable. This however is not the fact.

DR. MORSE'S INVIGORATING CORDIAL has and is constantly curing these complaints, relieving the mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the names received will conclusively show.

Dr. Woodward of the Massachusetts Insane Hospital, writes of one of his patients being cured by using the Cordial, thus:—"It gives me pleasure to inform you that one of my patients while in Boston, procured some of your Cordial. He tells me that he has [illegible] emission since he commenced taking it, while before he had two or three a week. When he applied to me, says Dr. W., I thought it hardly possible for him to ever regain his full strength. I prescribed the usual medicine used in those cases in the hospital, but they had no effect. In the meantime he purchased some of your Cordial, which has effected a cure I am sure no other medicine would. I shall ever recommend whenever opportunity occurs."

The nature of the maladies relieved by this Cordial are generally such as to leave the publication of certificates of course out of the question, and the proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently miraculous virtues. In all directions are to be found the happy parents of healthy offspring, who would not have been so but for this extraordinary preparation. And it is equally potent for many diseases for which it is recommended.

THE MEDICAL JOURNALS

have not in a single instance that has been authenticated given their sanction to any other preparation for the above complaints. It has, in many violent and desperate cases, effected radical cures after patients had been abandoned and their condition pronounced hopeless by medical practitioners of high professional character.

THE COMMON EXPRESSION

Of those who have used this Cordial is—"I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits, having tried various preparations for the same purpose, different Sarsaparillas, [illegible] without any benefit. I had [illegible] up all hope of obtaining relief, when I purchased some of your Cordial. I have not [illegible] the whole of its benefits—but I now feel stronger, have had no emissions since, although it is not three weeks. I am satisfied the half a dozen bottles I took will cure me."

Another says—"I had consulted several distinguished physicians, [illegible] I could not be cured, others [illegible] no relief until I procured some of your Cordial. I must say it completely cured me."

Another says—"I was surprised at the effect your Cordial had. Why had I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering."

CAUTION—Ask for Dr. Morse's Cordial and take no other, as there are worthless imitations which [illegible] its excellence, [illegible] and popularity, have been put into the market. It will not bear the [illegible]. Beware of all other Cordials, &c., and try only this.

NOTICE. Persons consulting physicians [illegible] can confidentially consult Dr. Morse personally or by letter (post paid) at his office 76 Sudbury street, Boston. The necessary advice and medicine for the speedy removal of such disability will be safely forwarded to the writer's address.

Dr. M is prepared to warrant a perfect cure in every case or take no pay.

Prepared by M. Morse, M. D. New York city.

It is put up in pint bottles, with the words Dr. Morse's Invigorating Cordial blown on the glass. Price $1 per bottle, 2 bottles $3, 6 bottles $12, and $24 per dozen.

Self Acquired Fame!

DR. JOHNSON'S

AMERICAN ANODYNE LINIMENT.

For Internal and External Use.

THIS wonderful Medicine, notwithstanding it has never had the advantage of newspaper publicity, has yet acquired a higher and more extended popularity than any other similar compound in the world. It is entirely of vegetable extract, perfectly safe to be administered even to the most delicate child, and after astonishing and satisfactory in its effects upon man or beast. To those unacquainted with this invaluable medicine we say, give it a fair trial and we promise you a radical cure of Coughs, Colds, Asthma, Bronchitis, Whooping Cough, Influenza, Spitting of Blood, and all Lung Complaints, Chronic Diarrhoea and Dysentery, in all of which cases it should be used internally. The effects of its external application in cases of Rheumatism, Spinal Diseases, Sprains, Chapped Hands, Bruises, Burns, and all descriptions [illegible] are magical. Persons troubled with Cramp in the Stomach, Side or Bowels, Sore Throat, Piles, &c. by a continued internal and external application of this Medicine cannot fail of a certain and speedy cure. The proprietor can produce volumes of testimony in its favor, but prefers to let it carry its own recommendation, as it has done for forty years past. We ask no man to use it after an unsatisfactory trial. In its composition are several of the most penetrating and healing specifics known to the materia medica.—The inventor of this article was in the constant and successful practice of medicine for more than twenty years.

This is to certify that having been troubled for a number of years with a distressing cough, and bleeding at the lungs, and receiving no benefit from medical aid, in 1848 I was to all appearance in the last stage of consumption. My cough was such that I was unable to attend or help myself. At that time your Liniment was providentially recommended to me, and by the use of three or four bottles I was entirely cured. [illegible] for twenty years been subject to severe attacks of dysentery and never found any permanent relief until I took your Liniment. I have now had no return of the complaint, and can truly say I think your Anodyne Liniment was the means of saving my life. JOHN I. AIKINS.

Brewer, Sept 29, 1852.

Dr. Johnson:—Dear Sir—In consequence of having a fever sore on my leg, it became entirely stiff at the knee, and it was decided by three surgeons that my leg must be amputated—but fortunately I heard of your Anodyne Liniment, and by using three bottles my leg was limbered and strengthened, and for a number of years I have been able to use it as well as the other. I [illegible] the use of your Liniment through the blessing of Providence for the use of my leg, and would say to others who may need help in this way, try it, and no doubt you will be cured. Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D., Philadelphia, Pa.

"I DIGEST." Such is the true meaning of word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. No art of man can equal its curative powers. It contains no ALCOHOL, BITTERS, ACIDS or NAUSEOUS DRUGS. It is extremely agreeable to the taste, and may be taken by the most feeble patients who cannot eat a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG.

Half a teaspoonful of Pepsin, infused in water, will digest or dissolve Five Pounds of Roast Beef in about two hours, out of the Stomach.
